November, 2010

Dear Department Chair/Director,

The National Commission for Health Education Credentialing, Inc. (NCHEC) is pleased to announce that as of October 2010 more than 18,000 individuals have earned the credential as a Certified Health Education Specialist (CHES). As a service to professional preparation programs, an Examination Analysis report is routinely sent to each institution. The analysis depicts the results of students from your institution for the CHES examination including your institution's average scores and the national average scores earned by all examinees for a specified period in total score and also each of the seven areas of responsibility of health educators.

We wish to thank you for your support of those individuals who seek to obtain the CHES certification. Earning this credential reflects a commitment to expanding goals in the health education profession.

If you have any questions, please contact me at (888) 624-3248 x12 and I will be happy to assist you.

Sincerely,

A handwritten signature in black ink that reads 'Tanya Cole'. The signature is written in a cursive style with a large initial 'T' and a long, sweeping underline.

Tanya Cole
